FOREIGN INVESTMENT AND THE REPATRIATION OF PROFITS UNDER THE LAWS OF THE STATE OF CALIFORNIA AND THE UNITED STATES OF AMERICA

We have been advised that ConnectCounty Holdings Berhad ("ConnectCounty") is proposed to be listed on the MESDAQ Market of Bursa Malaysia Securities Berhad and that it is the eventual parent of Rapid Conn, Inc., which is a private corporation incorporated under the laws of the State of California ("California") and the laws of the United States of America ("United States").

We have been requested by Rapid Conn, Inc. to advise on the current position under United States law regarding foreign investment policy, and the repatriation of profits by a company incorporated in the United States to a holding company incorporated in Malaysia.

Subject to the qualifications set forth herein:

1. Foreign Investments in United States Companies

Generally, there are no restrictions on foreign ownership of United States companies in circumstances where there are no national security implications. In particular, there are no restrictions on foreign ownership of companies whose business activities are principally the manufacturing of electronic interconnects comprising cable assemblies

and connectors. There are therefore no restrictions on ConnectCounty Holdings Berhad's ownership of Rapid Comm, Inc.

2. Repatriation of Profits

There are presently no restrictions on the repatriation of profits, whether in the form of dividends, distributions or interest, by a corporation incorporated in the United States to its shareholder or holding company incorporated outside of the United States. However, United States taxes may be imposed on repatriated profits.

3. Protection of Certain Intellectual Property Rights

The United States is a signatory to the Patent Law Treaty, Paris Convention for the Protection of Industrial Property, Berne Convention for the Protection of Literary and Artistic Works, Trademark Law Treaty, as well as a member nation of the World Intellectual Property Organization. Assuming that patents, copyrights and trademarks exist and are involved in a transaction, such rights are generally automatically protected without any need for re-registration.

However owing to its territorial nature, a trademark that is registered outside United States may not be able to exert its rights as a registered trade mark unless it is also registered in United States. It is not uncommon for claims to be instituted with respect of unregistered trademarks.

4. General

We are lawyers qualified to practice law in the State of California and the United States and we express no opinion as to the laws of any jurisdiction, or as to any matters governed by the laws of any jurisdiction, other than State of California and the United States.

This letter sets out our advice on the specific matters of California and the United States laws of general application as at the date hereof. We have not made any investigation of, and do not express any views on, the laws of any other countries.

We do not express or imply any opinion as to matters of fact, and for the purpose of this advice, we have not reviewed any documents nor the facts of any specific circumstances. Our advice only covers matters considered from a legal perspective and is not intended to cover any matters to be considered from a tax, financial, commercial or accounting perspective.

This advice is addressed to you solely for your benefit and the benefit of your legal advisors in connection with the proposed listing of ConnectCounty Holdings Berhad on the MESDAQ Market of Bursa Malaysia Securities Berhad only and may not be disclosed or quoted to or relied upon by any other person, without our prior written

consent in each specific case. Notwithstanding the foregoing, this letter may be included in ConnectCounty Holdings Berhad 's prospectus to be issued pursuant to its proposed listing on the MESDAQ Market of Bursa Malaysia Securities Berhad, on the basis that it is for disclosure purposes only and may not be relied upon by any party other than you.
